Introduction

Successful, long-term recovery is built on a **foundation of hope.**

2017 Report to the Community, Summit County ADM Board

Hopeful

Hopeless

“Officers dispatched...ref fight between girlfriend and boyfriend. Subject 2 blocks from her home...wearing tank top and barefoot...temperature around 0. She was crying...states she cut her leg earlier to make herself bleed...has thoughts of suicide...she was raped at 5 years old...tonight took 2 Vicoden and 5-7 beers.”

APD CIT Jan 2010

The ADM System of Care offers **HOPE**
through **timely access** to **treatment**.

2017 ADM Report to the Community

Timely Access

Past	Present
Central Assessment: 50 days avg from call to assessment	Decentralized assessment: most common wait is one day
No follow up system for opiate overdoses > lots of overdoses > treatment > overdose/or death	Quick Response Teams (9 Teams) follow up with team contact within a week , decreasing cycling and intervening when motivation is high; Naloxone distribution
Northcoast Forensic Discharges: 6 to 7 months	3 to 4 months

Treatment (but not just any kind of treatment)

- Evidence based
 - Studied, scientifically validated
- Cost Effective
 - For participant and tax payers
- Minimally invasive
 - See **Client's Rights**

Evidence-Based Practice (EBP)

The conscientious, explicit and judicious use of current best evidence in making decisions about the care of the individual (patient/client/consumer).

Dr. David Sackett

EBP Fidelity and Outcomes

- Is the EBP being implemented in the way that it was designed?
- ADM Fidelity Reviews
 - Dr. Aaron Ellington
- Are we getting the expected outcomes from implementation of the EBP?

Evidence-Based Intervention Examples

- CET: Cognitive Enhancement Therapy
- CBT: Cognitive Behavior Therapy
- PAX Good Behavior Games
- Mental Health Courts
- Drug Courts
- Medication

How does Summit County offer hope through timely access to treatment?

[Summit County ADM Board plans November renewal levy - News - Akron Beacon Journal - Akron, OH](#)

The levy would be used for mental health and recovery programs for children, adults and families in the county and for the acquisition....

Beacon Journal/Ohio.com. Wednesday. Posted May 8, 2019 at 11:09 PM Updated

Local property tax levy funds 78% of ADM Board disbursements.

(Balance is primarily made up of state and federal funding.)

ADM Board Responsibilities

- Plan and identify service gaps
- Distribute funds
- Coordinate, collaborate, and facilitate
- Measure

Past Service Gaps

Gap	ADM Response
First responders' knowledge base regarding SPMI	CIT and education filled gaps and improved knowledge base
High incarceration rate for SPMI clients	Length decreased; quick hospitalizations led to fewer bed days; MH Courts
Hoarding individuals unidentified (~22,000 in county); service/expensive and very late	Hoarding Task Force; hoarding education; hoarding conference; partnerships with health department; early intervention focus
Rising opiate overdoses, leading to deaths	Awareness campaigns, overhaul assessment process; increased bed funding; Opiate Task Force; naloxone education and kit distribution

Client Rights (see OAC 5122-26-18)

- Every individual is protected by a system of rights.
- “...treated with consideration, respect for personal dignity, autonomy and privacy.”
- “To be treated in the least restrictive, feasible environment”

NOTE: A list of those rights is provided in your CIT Manual.

On CR, violence risk and recidivism factors are assessed, and protective factors are encouraged.

Violence Risk Assessment

Increases Risk

- Command hallucinations
- Fixed delusions
- ANY drug/ETOH use
- Antisocial

Lowers Risk

- Supports
- Compliant
- Work/busy
- Min. viol hx

Violence Risk Assessment

- Most on CR have dramatic decrease in criminal activity (0% new charges).
- We tend to catch decompensation early.
- Sean, 20 years public library job
- 85% of CR clients have not returned to the state hospital.
