Client Rights

Every individual who receives services through agencies of the Ohio Department of Mental Health and Addiction Services (OhioMHAS or OMHAS) is protected by a system of rights.

A listing of those rights is provided in your CIT Manual.

People who are participants in other systems such as the Ohio Department of Developmental Disabilities also have rights guaranteed to them through their respective departments.
Client Rights

A listing of those rights is provided in your CIT Manual.

Mental Health/Criminal Justice

- Police Reports
- CJ/MH Forum
- Mental Health Courts
- Competence to Stand Trial

- Incompetent to Stand Trial- Un-restorable for Serious Felony Charges?
- Un-restorable for F 3, 4, 5 and Misdemeanors
- NGRI
Police Reports

- Behaviorally descriptive is good; quotes are good.
Competency to Stand Trial

• Restoration time dependent on seriousness of crime, not seriousness of mental illness ("one year" language)

• Court can order forced meds either to achieve or to maintain competency (after restoration)

• Like love, competency can be fleeting

• ISTU-CJ
RARE CASES: ISTU-CJ

- AFTER one year of unsuccessful restoration
- F1 or F2 Offense of violence
- F1 or F2 conspiracy, attempt to commit or complicity of for F1 or F2 offense of violence
- Rare cases, ISTU-CJ restored “late”
Competency- Unrestored?

- Dismiss or
- File Affidavit in Probate, then dismiss criminal charge
- Rare in Common Pleas Court; more common in Muni;
- New Day Court
49 NGRI or ISTU-CJ clients

Successes

• 1. Most on CR have dramatic decrease in criminal activity
• 2. We tend to catch decompensation early
• 3. John, 20 hour manager at Panera
• 4. Mary, ¾ time at restaurant for 10 years
• 5. Conditional Release Revocations are rare
