

Medal Design Guidelines

- **Design:** Create art to be cast on the Custom Diecast Medal. The medal does not have to be solid. The 2018 design had some knockouts in the design. Also, notice the ribbon hole. There are several options.
- **Shape:** The shape just needs to fit within the size limits but does not have to be round.
- **Size:** 2" x 2" space (see 2017 and 2018 examples below)
- **Colors:** Unlimited Color Options (However, please keep the colors to a maximum of 3 or 4 colors. You can see past years' designs for ideas.)
- **Medal Finishes:** Gold, Silver and Bronze
- **Neck Ribbons:** Solid Color Ribbon
