**Please list your prevention areas of expertise:** OhioGuidestone has been a prevention provider in Summit County for close to 5 years with the support of Summit ADM funding. We provide prevention services in the Akron Public Schools in the elementary, middle schools, and high schools. In addition, we provide Early Childhood Mental Health Consultation in child care settings in Summit County through Whole Child Matters funding. OhioGuidestone has expertise in providing prevention education, information dissemination, and environmental strategies. We provide prevention to universal, selective, and indicated populations. OhioGuidestone prevention services are school based, trauma informed, include social emotional development, and include a parent education component.

OhioGuidestone collaborates with prevention partners at the local, state and federal level, such as Summit County Community Partnership, ADAPAO, Prevention Action Alliance and CADCA.

OhioGuidestone Directors are the Chair of the Stark and Tuscarawas County Anti- Drug Coalitions.

OhioGuidestone provides prevention services in 8 counties across Ohio.

**Please list any evidence-based programs you offer:** The evidence based programs we offer include Botvin LifeSkills, PAX Good Behavior Game, Incredible Years, Youth Led Prevention-Lead and Seed, and Nurturing Parenting. We have previous experience providing Strengthening Families and Triple P, and we are always open to being trained in additional evidence-based programs to meet community need.
